EXPERIENCE THE DIFFERENCE

The finest chassis exclusively made for luxury Class A diesel motorcoaches is a Spartan® RV chassis — the ride of choice for motorcoach owners who never settle for anything less than the best.

American made and backed by a rich 37-year heritage of innovation and manufacturing excellence, each chassis system and solution connects the road to the driver, merging safety and convenience for a luxurious, smooth ride with effortless handling.

When your motorcoach lives on a Spartan RV chassis, one of the most innovative, tech forward systems available in the industry, you experience luxury travel at its best.

QUALITY AND DURABILITY

Exceptional adventures begin from the ground up.

The Spartan RV Chassis is one of the best foundations in the industry.

Designed, engineered, and made in America with the finest components, the frame and cross member system fortifies your motorcoach, providing enhanced stability and chassis durability - so you can take to the road confidently, no matter where or when adventure calls.

SAFETY AND INNOVATION

Safety, meet luxury.

The Spartan RV Chassis Tri-Pod Steering Wheel places more driving features and instrumentation right at your fingertips than ever before, so you can stay focused on enjoying the ride.

**More convenience. Enhanced driver safety.
Greater peace of mind.**

Simply Advanced

Designed to make owning and operating a Class A diesel motorcoach safer and more intuitive, the Spartan RV Chassis digital dash features an expansive 15in. anti-glare integrated screen, custom designed for the best possible viewing experience.

Every feature of the traditional dashboard is advanced yet simplified, with all information consolidated in the state-of-the-art display, helping drivers see important coach diagnostics effortlessly.

More connected. Better informed. Greater peace of mind.

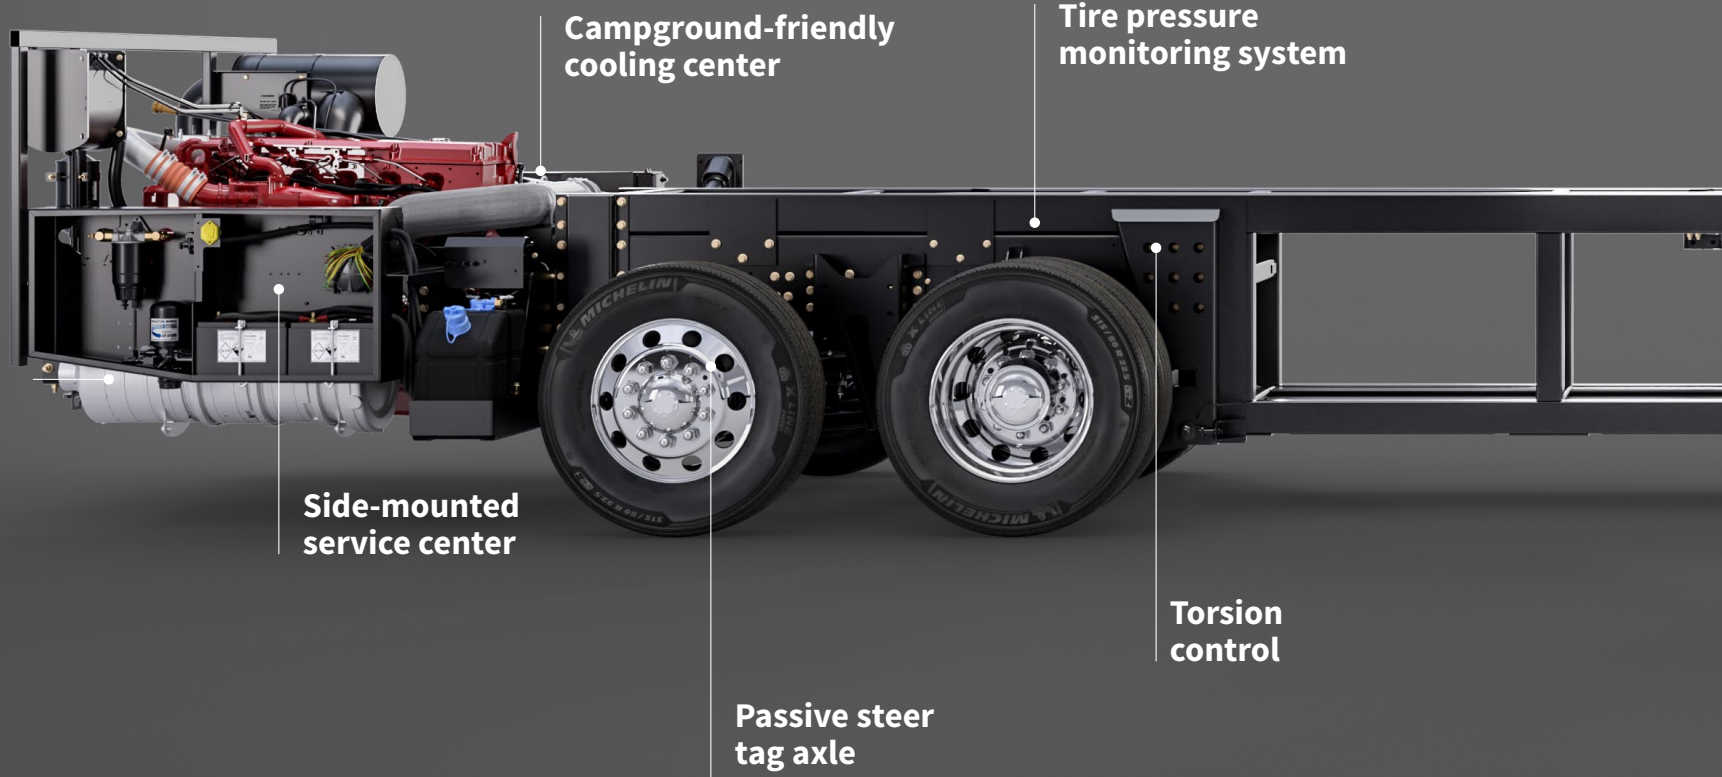

The digital dash also integrates with the Tri-Pod Steering Wheel and is engineered to receive direct, clear notifications from the Spartan® RV Chassis Advanced Protection System™, a suite of comprehensive safety technology.
