### FORE-SLIDE by Foretravel

The REALM's slide-out rooms feature pneumatic seals that provide a literal airtight seal completely around the entire slide-out room regardless of slide position. They also feature a power drop down flooring system that gives the REALM not only a flat-floor when extended, but a true flat-floor when retracted as well. Don't look for an interior carpet lip, exterior silicone beads, pop-rivets, screws, plastic moldings, or unattractive and intrusive slide-out room mechanisms to waste your valuable storage space. On a REALM, all you will find is the absolute finest in fit, finish and function offered in a slide-out room today.

### 600 Horsepower Masterpiece

The Spartan K3GT chassis boasts a best-in-class 20,000 lb. Independent Front Suspension & passive steering rear tag axle for incomparable handling and maneuverability.\*
