Archival Help Needed

We are always searching for brochures, pictures, price sheets, sales sheets, specifications, floor plans etc. to improve this digital archive.

If you have information on this model year please help by contacting us at [wiki \(@\) foreforums \(.\) com](mailto:wiki@foreforums.com) or post a topic on [ForeForums](#)

- During model year 1987, Foretravel introduced the aerodynamic-styled Grand Villa Unihome, the first conventional motorhome to utilize a monocoque chassis design, an eight-bag outboard suspension system, and an air leveling system. This innovative design concept revolutionized the motorhome industry and quickly set the standard by which most quality motorhomes are built today.
